The Silver Society of Australia Inc.

The Silver Society of Australia was founded in Sydney in 1988 by a group of like minded enthusiasts interested in the understanding and appreciation of silver design and manufacture, both old and new.

The Society meets every second month in Sydney and the alternate second months in Melbourne.

Each meeting is addressed by a speaker on a silver-related topic and members are encouraged to bring silver items of interest to each meeting for examination and discussion.

From time to time other events are organised such as visits to private collections and ecclesiastical collections. Most years the Society has a Weekend Away to varying parts of Australia. These Weekends Away include special viewings of silverware that might otherwise not be available to the general public. A bi-monthly newsletter is sent to all members updating them on future events, auction results, research papers and other related topics.
